After crossing this footbridge, head east again along the Lofer to the horse-riding arena at the Lofer Bridge. After the bridge we leave the Loferau meadows, walk along the B 305 towards the north. After crossing the street, we march to the Gletschermühlenfeld and into the center of the village to the starting point.

Note: A nice hike in a wild river landscape. Beautiful meadow landscape on a river. At the Gletschermühlenfeld we find witnesses of prehistoric times.
