Highlights on the tour: Klausenbergalm, Stallenalm, Möseralm

From the starting point tourist information via Blindau we head to the Klausenbergalm. From there, we continue uphill for about 200 m, then steadily downhill to Erpfendorf. The slight incline over the cycle path to Waidring is hardly noticeable for experienced MTBers.

When you arrive in Waidring there are now 2 options: 600 m uphill on the toll road towards Kammerköhr or choose the gondola. Without the gondola, the tour continues over the Stallenalm and Möseralm towards Winklmoos-Alm. The "gondola tour" meets self-cyclists in front of the Möseralm.

From the Winklmoos-Alm we ride back down the forest road to the starting point.

Orientation text: This tour runs in the border region of Tyrol and is signposted by the tourism associations responsible there. After crossing the border, orientate yourself on the signs. Furthermore, we recommend a navigation device (mobile phone, GPX device) and careful planning before the start of every tour!
