40 ascending

altitude difference:
40 descending

The Winklmoos-Alm alpine area has been an internationally recognized, certified Dark Sky Parks, the first in the Alps, since May 2018. Enjoy great moments and impressions, a sea of stars in which you can literally sink. You will find viewing points (at the church with loungers) and observation points along the hiking trail. For further information please see the dedicated brochure of the Dark Sky Park.
