We take the gondola from Seegatterl to the starting point at Winklmoos-Alm. From the mountain station, this hiking trail leads almost flat along the "Winklmooser Rundweg" to the Moarlack junction.

From there we mash for about 1 1/2 hours to the Moarlack. The view of the surrounding mountains is a pleasure for the soul. This beautiful tour continues into the Heutal valley, past the Herbstalm and finally in the direction of Winklmoos-Alm (follow signs). This is followed by about 200 meters in altitude to the junction. You can comfortably reach the starting point via the snow-covered path.

Attention: Restaurant Moarlack is closed! Please be careful, there are also cross-country skiers on the route.
